**The International Placement Service (ZAV) and EURES Network Partners, together with the employment agencies in Augsburg, Ingolstadt, Donauwörth and Kempten-Memmingen wish to inform about the following project:**

## *Living and working in Germany - a chance for physiotherapists*

### **Prerequisites:**

- ✓ you have a professional degree as a physiotherapist
- ✓ you are willing to live and work in the Bavarian region: we are looking for participants for various employers in the four cities of Augsburg, Ingolstadt, Donauwörth and the region of Kempten/Memmingen
- ✓ you are willing to work in Germany as a physiotherapy assistant for the first 14 months and, during this period, improve your knowledge of German and obtain the qualifications required to receive the homologation of your qualification
- ✓ you are willing to learn German intensively (no previous knowledge is required, however the level of learning will be very intense)
- ✓ you have a certificate of good conduct (without any criminal record)
- ✓ you have complete protection from COVID vaccination

### **Offers / advantages:**

- ✓ German course in your home country until you reach level A2, German courses in Germany to reach level B2 (funded under the project)
- ✓ you will know the future employer from the beginning of the project
- ✓ from your first day in Germany you will have an employment contract with mandatory social security and health care contributions – initially as an assistant physiotherapist and after obtaining the homologation as a physiotherapist
- ✓ the gross salary for work as an auxiliary physiotherapist is at least 2000 Euro per month, after homologation the salary increases considerably
- ✓ throughout the whole process you can count on professional advice and intense support; this also includes finding accommodation if the employer does not offer it
- ✓ the Bavarian region and its surroundings offer many leisure options, both sporting and cultural
